

SB-2HD SIDE BELT CASE TAPER

MAXIMUM UPTIME

The SB-2HD offers the quality that you have come to rely on from Eastey. The system's unique and simple design has proven to be one of the most reliable case tapers on the market today, keeping production and maintenance efforts to a minimum and providing fast and efficient al ernatives to hand taping.

WIDE STANDARD CASE RANGE

The SB-2HD's side belts are great for light or heavyweight, narrow or small boxes. The system is ideal for void fil cases where the packaged product does not support the box. SB-2HD is designed to handle boxes that most other case tapers can't.

PRODUCTION MEETS VERSATILITY

SB-2HD offers fast and easy case changes with adjustable side rails and fl xibility for boxes 4.5" long and greater. Adjustments can be made on the fly with easy han tighten knobs and cranks. SB-2HD utilizes Easy-Taper Quick-Load top and bottom tape cartridges and will seal boxes as narrow as 4" wide and as low as 2" tall, where most standard case tapers are only able to tape at a depth of 3" or greater. The SB-2HD can be supplied to operate from left to right at no additional cost, and does not require air to run.

INDUSTRIAL STRENGTH OPERATION

Dual drive motors and aggressive drive belts make SB-2HD a workhorse that will stand up to your toughest challenges. Each case taping machine is made from 12 gauge steel that will withstand even the most rugged applications.

INDUSTRIAL STRENGTH OPERATION

EASTEY

Dual drive motors and aggressive industrial strength drive belts make SB-2HD a workhorse that will stand up to your toughest challenges. Each case taping machine is made from 12 gauge steel that will withstand even the most rugged applications. A powder coated exterior protects the machine from abusive conditions and guarantees years of use.

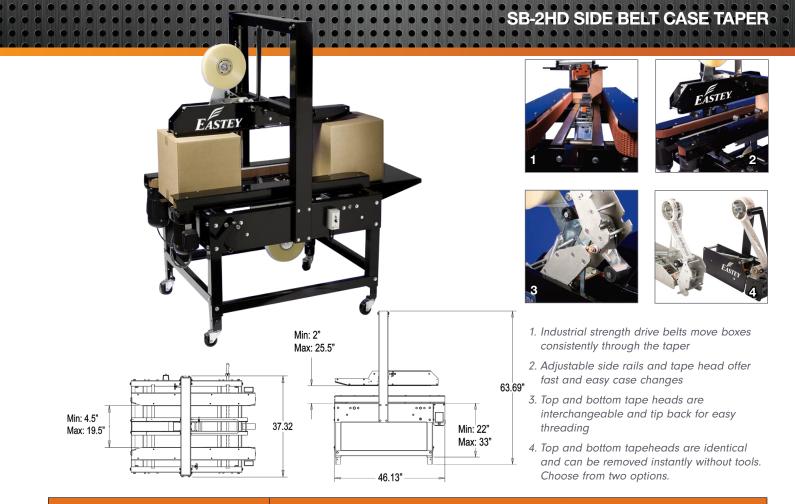

CASE TAPING MADE EASY

SB-2HD is designed and built with the customer in mind. Top and bottom tape heads are interchangeable and tip back for easy threading. These machines accept 2" wide pressure-sensitive tape as a standard, or they can be ordered to handle 3" tape. The use of Eastey's SB-2HD case taping machine can be learned in minutes, avoiding breaks in production and downtime, saving your company money and increasing your ROI.

THE RIGHT SOLUTION

Rugged design. Proven reliability. Simple operation. Your benefits go on and on. When it comes o industrial operation, rely on Eastey to provide the right solution for your case sealing needs.

SB-2HD FEATURES

- Plug-in and go operation
- Powder coated 12 gauge steel
- Interchangeable top and bottom tape cartridges
- Industrial strength side belts
- Adjustable leg extensions
- Fast and easy box size changes
- No air required
- Low maintenance
- Accommodates wide box size change

SB-2HD TAPING SPECIFICATIONS				
Sealer Type	Side belt, top and bottom case sealer			
Machinery Makeup	Industrial strength 12 gauge steel, powder coated for durability			
Belt Speed	72 feet/per minute			
Tape Speed	30 cases/per minute, depending on box size and operator efficienc
