

SB/TB-2 SIDE BELT & TOP BELT CASE TAPER

MEET YOUR CASE TAPING NEEDS

Eastey's SB/TB Case Taper offers the quality that you have come to rely on from Eastey. The system's unique and simple design has proven to be one of the most reliable case tapers on the market today, keeping production and maintenance efforts to a minimum and providing fast and efficient all ernatives to hand taping.

WIDE STANDARD CASE RANGE

SB/TB offers fast and easy case changes and fl xibility for boxes 4.5" in length and greater. Adjustments can be made on the fly with easy hand tigh en knobs and cranks. SB/TB utilizes Easy-Taper Quick-Load top and bottom tape cartridges and will seal boxes as large as 27.5" wide and as tall as 27.5", offering the user more options for their case taping operation.

MAXIMUM STABILITY

Four drive belts work in unison to effectively move your cases through for a strong and consistent seal. SB/TB utilizes a dual mast with twin lead screws for greater tape head stability, and an adjustable side belt drive to center each case. The unit also features top compression rollers to stabilize the case and push the top flaps ogether, making it a great solution for over-filled and ver-sized cases.

DESIGNED FOR EXTRA LARGE CASES

The SB/TB's top and side belts are great for over-sized, heavy weight cases that are too large for most case sealing equipment.

INDUSTRIAL STRENGTH OPERATION

Dual 1/4 HP side drive motors with single top drive motor, aggressive industrial strength drive belts, and roller tables make SB/TB a workhorse that will stand up to your toughest challenges. Each case taping machine is made from 12 gauge steel that will withstand even the most rugged applications. A powder coated exterior protects the machine from abusive conditions and ensures years of use. Best of all, the SB/TB is CE certified, so use s can be confident it will consi tently provide reliable, high quality case sealing.

INCREASE YOUR ROI

Top and bottom tape heads lift out for easy threading and accept 2" wide pressure-sensitive tape as a standard, or can be ordered with 3" tape heads. The use of Eastey's SB/TB case taping machine can be learned in minutes, avoiding breaks in production and downtime, saving your company money and increasing your ROI.

THE RIGHT SOLUTION

Rugged design. Proven reliability. Simple operation. Your benefits go on and on. When it comes o industrial operation, rely on Eastey to provide the right solution for your case sealing needs.

- 1. Designed for over-sized, heavyweight cases that are too large for most case sealing equipment
- 2. Four belts work in unison to efficient y move cases through the taper for a strong and consistent seal
- 3. Easy-to-use hand crank allows for quick product height adjustments
- 4. Top and bottom tape heads are identical and can be removed without tools
